

OK, ADMIT IT. YOU LIKE THIS CLUB, BUT... a year passes so quickly that it seems like you're being hounded to renew your membership every time you turn around. If that describes you, then we have a solution. Over the years, we've received suggestions that we offer multi-year memberships. We never really warmed to that idea, mostly because at the time, our database wasn't set up to handle it, And also because we didn't like the idea of keeping credit card information on file. It wasn't like we were afraid of a bunch of black-suited ninjas sneaking into the place and grabbing a copy of the database and then selling the credit card information (as well as all of the embarrassing photos of Pardee that we have accumulated). It was just that we didn't want the responsibility. But we'd like to give the multiple year membership idea a try, realizing that it's not for everyone. So here's the deal: renew your SAAC membership for two years (\$100), three years (\$150) or four years (\$200) and we will send you 4, 8 or 12 SAAC Hollywood Movie posters. We did these posters in groups of four, starting back in 1995. We thought they were the best we had seen at the time; nothing short of magnificent. Larry Gardinier is a genius with an airbrush. Since then we haven't seen any Shelby or Cobra posters to change that opinion. So, here's how to make the multi-year magic happen (and keep those pesky renewal reminders out of your in-box). **EXTRA BONUS!** Once you renew at the \$50 annual rate you are inoculated against any membership dues increases in the future.

CHECK OR MONEY ORDER.

Please make the check payable to "SAAC." Indicate your poster preferences (they're all stunning, so it will be a difficult choice). Mail to:
